TRANSFER TO YOUR DREAM INTERNATIONAL ACADEMIC DESTINATION

At Universal College Bangladesh we offer two academic pathways into Monash University undergraduate degrees:

- Monash University Foundation Year [Equivalent to Australian Year 12]
 - Monash College Diplomas equivalent to Monash University 1st year degree
- All you need to do is to decide which one is best for you.

WHAT WE OFFER:

- We provide 100% guaranteed entry into Monash University
- We demonstrate a student-centred teaching style.
- We use advanced technology to make learning more interesting and practical

BENEFITS OF THE MONASH FOUNDATION YEAR (MUFY)

- Complete an Australian Year 12 equivalent certificate in less than a year.
- Gateway to one of the world's top ranked universities in Australia - Monash University and recognised by a growing number of established universities worldwide including Canada.
- Guaranteed entry into the first year of all Monash degree programs including Engineering, Business and IT.
- Only Monash pathway into degrees in Medicine, Nursing and Health Sciences, Pharmacy and Law at Monash University.

BENEFITS OF MONASH COLLEGE DIPLOMA (MCD)

- Equivalent to Monash University 1st Year degree right after AS-level a year.
- Specialise from day one – only study subjects directly related to your degree.
- Flexible entry and exit points.
- Fast-track your studies by completing a trimesters in a year
- Direct pathway into second year of related degrees.
- 70% less tuition fee than abroad

MEET NASHIT

HER MONASH PATHWAY:

ABOUT UNIVERSAL COLLEGE BANGLADESH

UCBD is the exclusive partner of Monash College Australia in Bangladesh. UCBD is also the first institution to be given Ministry of Education approval to provide international higher education courses in Bangladesh.

Monash University is now a global top 50 university and is a member of the prestigious Group of 8 universities in Australia

O/AS/A/HSC/IB/Grade 12 level students can jumpstart their Monash journey by joining Universal College Bangladesh.

Students receive the same global academic curriculum, a 100% guaranteed entry to Monash University, and extremely cost-effective tuition fees which is around 70% lesser than Monash University Australia tuition fees. Over and above this, academically above average students get an additional 20-30% scholarship on the net tuition fee.

YOUR FUTURE STARTS HERE

We understand your goal is to receive the best education possible to help you succeed in your future career. From day one when you study a Monash pathway at Universal College Bangladesh, we focus on getting you ready to take up your guaranteed place at Monash University Australia or Monash Malaysia

We'll teach you the skills you need to succeed at university, so you are ready to take your place on a Monash degree program in Melbourne or Malaysia. All you need to do is meet our entry requirements, and you'll experience the same high-quality education as you will at the University, in the same supportive learning environment tailored to your needs.

OUR PROGRAMS

MONASH UNIVERSITY FOUNDATION YEAR

Equivalent to Australian Year 12

Foundation Year is a pre-university program with direct entry into undergraduate degrees for all 10 faculties at Monash University.

MONASH COLLEGE DIPLOMAS

In Business, Engineering and Information Technology
Equivalent to the first year of degrees in Business, Engineering and Information Technology. Specialise from day one with a Monash College Diploma that fast-tracks you into the second-year of undergraduate degrees across seven faculties at Monash University

¹ Monash is ranked 36th globally in the QS World University Rankings (2026).

² Monash University entry requirements apply.

Hello and welcome to the Monash College programs at Universal College Bangladesh !

UCBD is the pioneer in delivering international higher education courses in Bangladesh. UCB is where excellence meets accessibility, and where you can have a world class educational experience leading to globally recognised Monash qualifications, without the expense or difficulty of going overseas.

Our aim is to give every student in Bangladesh, from both Bangla and English medium schools, the opportunity to get a Monash University degree. We have all the relevant government permissions so you can begin your journey at UCB and get your Monash degree in Australia or Malaysia.

As the first President & Provost of UCB I can personally promise you that the programs we provide are of exceptional quality and they are the same as the programs at Monash. We have a dedicated team of faculty with extensive global experience who understand the unique needs of Bangladeshi students. You will be given the highest quality teaching and comprehensive student support, in a nurturing environment where you will receive the guidance and assistance you need to excel.

The qualifications you complete at UCB are guaranteed pathways to further international study at Monash and Monash Malaysia universities¹. These institutions are renowned for their high graduate employability rates and graduate salaries. This means the educational journey you begin with UCB in Gulshan today will lead to academic success and a rewarding career as a Monash graduate in the future.

Welcome to UCB and your pathway to a Monash degree !

Yours

PROFESSOR HEW GILL

MSc (Oxford), PhD (LUBS), HETC (Harvard) GCert (NewC), CPsychol, FRSA, FRSM, FRAS, FRSS, AFBPsS, AFAIM

President & Provost
Universal College Bangladesh

A very warm welcome to the Monash College Programs at Universal College Bangladesh.

As Dean of the College, I am delighted to offer you the first government approved international higher education program in Bangladesh.

At Universal College Bangladesh we offer Monash University Foundation Year (MUFY) and Monash College Diplomas (MCD) in three broad areas: Business, Engineering, and Information Technology. These diplomas have further specific specialization opportunities which give you the flexibility to get market-driven single and double degrees across the disciplines.

A student who successfully completes the programs that we run at UCBD earns the eligibility to enter the first year (MUFY) or second year (MCD) undergraduate degrees at Monash University Australia or Monash University Malaysia

These Monash programs will give you an unparalleled opportunity to study the programs of one of the best universities in the world while staying in Bangladesh, with the guidance of a dedicated pool of international university-trained, talented faculty members. Substantial savings in tuition fees, guaranteed continuation opportunities at Monash, and staying in the comfort and care of your family are additional benefits of completing the Monash programs at UCBD.

Come and visit us at UCBD to find out more about these life-changing opportunities.

Best Regards

PROF. MUHAMMAD ISMAIL HOSSAIN

PhD (Monash), MIB (Melbourne), MBA (DU)

Dean of Academic Affairs
Monash Programs
Universal College Bangladesh

- Start your Monash journey close to home

An Educational Initiative of

MONASH UNIVERSITY FOUNDATION YEAR

- Entry into 1st Year Monash University
- Universal College Bangladesh
- Monash University Australia
Monash University Malaysia
- 10 Months
- January, July and August
- Six hours a week, per unit

DID YOU KNOW?

Our student-centred teaching style enables you to experience a blended learning environment. You'll also have access to a team of experts to support you, including Learning Skills Advisors, Student Counsellors, Career Advisors and library staff. When you complete your Foundation Year we will help you to transition to Monash University or to move to a Monash College Diploma at UCBD. The Foundation Year program is designed to prepare you for a successful transition to Monash University.

Prepare for success at Monash University with direct entry into undergraduate degrees in all 10 faculties

STANDARD PROGRAM

(10 months)
CRICOS code: 071178G
Intakes: January, July and August
The Standard Foundation Year Program is the most popular among our students. It offers the widest range of subject choices, helping you to enter all 10 Monash faculties. After successfully completing the Standard Program and achieving the set requirements, you'll have guaranteed entry into first year at Monash University.

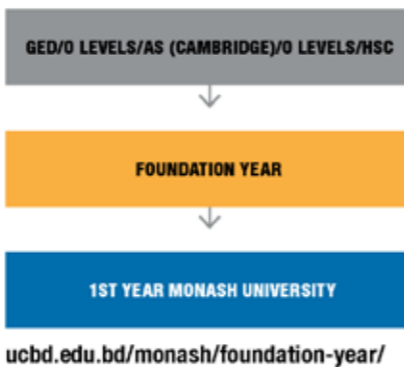

Foundation Year is taught over two semesters. Each semester you'll complete a minimum of four units (including English & Maths, which is compulsory). You'll also have the option to complete a bonus unit each semester, which could help you increase your final score.

Monash University Foundation Year is a pre-university program with proven success in preparing international students for Monash University. As a Foundation Year student, you'll develop your academic and English skills to the level expected of Monash University students, while studying subjects that prepare you for your future undergraduate course.

Our supportive environment and dedicated teaching and support staff will guide you each step of the way, helping you to achieve your academic potential.

WHY YOU'LL STUDY MUFY

- Guaranteed entry to 1st year at Monash University.
- Curriculum designed to prepare you for success at Monash University.
- Our teachers are experts in teaching international students.
- Enter all 10 faculties at Monash University after studying MUFY.
- We use the same advanced learning technology as Monash University.
- Highly supportive environment – you'll have a team of experts such as a learning skills adviser, student counsellor, careers adviser and library staff to support you.

UNITS

- Accounting
- Biology
- Chemistry
- Economics
- English
- Fundamental Mathematics
- Mathematics
- Physics
- Global Studies
- Information and Communication Technology

WHAT YOU'LL STUDY

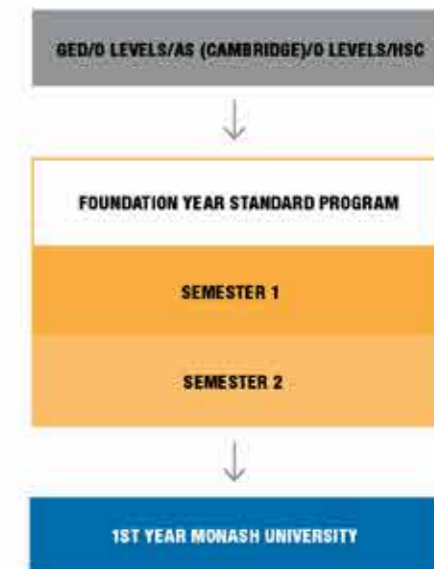

We offer 10 subjects as part of the Foundation Year program. Each subject is offered in two parts:

- unit 1 introduces you to the subject area and key themes
 - unit 2 expands your knowledge and understanding.
- To successfully complete Foundation Year, you must complete:
- units 1 and 2 of English & Maths (compulsory subject)
 - units 1 and 2 of at least one other subjects
 - two additional units (stand-alone units or paired subject units).

Assessments

Assessments take place throughout both semesters to provide you with regular feedback about how you're progressing with your learning, your areas of strength, and those that need improvement. Assessments are a combination of assignments, class participation, presentations, lab investigations and reports. Assessments make up 70% of your final mark and 30% will be based on your final exam. By week three, you'll have completed your first assessment. Based on your results, your teacher will help you identify areas of strength and those that need improvement.

Each subject has a set of learning objectives aligned with the requirements for Monash University undergraduate degrees. Our curriculum combines essential theory and practical knowledge with the four skills critical to your future studies and your career: critical thinking, problem solving, communication and collaboration.

*Excludes exams, SWOT and breaks

Note: Please refer to pages 19 – 20 for Foundation Year entry requirements.

MONASH COLLEGE DIPLOMA

Entry into 2nd Year Monash University

Universal College Bangladesh

Monash University Malaysia
Monash University Australia

9-12 months

February, June, October

5-7 hours per week, per unit

Specialise from day one with a Monash College Diploma and fast-track to second year of Monash University

MONASH COLLEGE DIPLOMA

Our Monash College Diploma programs offer students a guaranteed entry into the 2nd year of their preferred Monash University undergraduate degree. All you need to do is pass all of your units and meet the set entry score and subject prerequisites.

We offer 3 Monash College Diploma programs leading to degrees in:

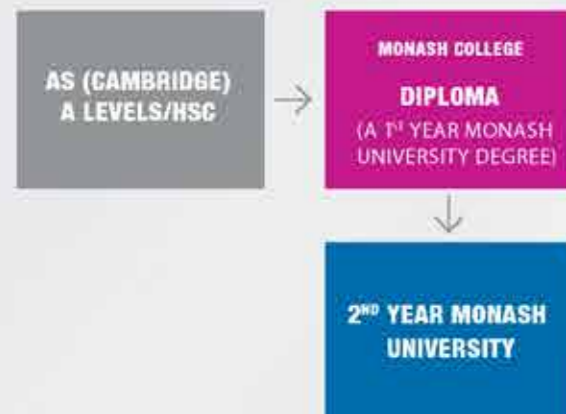

- Engineering
- Information Technology (IT)
- Business

1. The duration will depend on the program and its start date.
2. Upon completion you'll enter second year of Monash University.
3. Students who successfully complete Diploma and meet the undergraduate destination degree entry requirements may proceed to second year Monash University.

Course structure

The Diploma Program is offered in 2 semesters (except for Engineering, consisting 3 semesters) in a year.

Note: Please refer to pages 19 – 20 for Diploma program academic entry requirements.

FAIAZ ABRAR CHOWDHURY
Monash University 1st Year - Engineering
Universal College Bangladesh

Curriculum

What you study during the Diploma is directly related to what you'll study during your bachelors degree course. In Monash College Diploma you will study the same units as first-year university students and complete equivalent assessments.

Teaching style

The style of teaching at Monash University may be different to what you're used to. As a diploma student, you'll study in a supportive college environment. You'll have access to your teachers and resources even outside of your class.

Lectorials

Learn about a topic by listening to your lecturer presenting the content and asking you questions. You'll be expected to interact during the session by participating in online polls and activities.

Tutorials

Apply the knowledge you've learnt in a classroom format. Your teacher will lead the discussion and ask questions. You'll work on individual projects and complete group activities.

Laboratories

Solidify your learning through practical lab classes. Science students have access to Chemistry, Physics and Biology laboratories. We are also equipped with IT facilities to cater the course related requirement for the Engineering and IT students.

Assessments

Your assessments will be different depending on which diploma you study. For each unit you can expect to complete a series of assessments, presentations, an exam and group or individual assignments.

Book an appointment for FREE Assessment

Transition to Monash University

As a diploma student at Universal College Bangladesh, you'll have opportunities to meet the representatives from Monash University and consult your destination programs and prospective careers. Moreover, you have the opportunities to consult your destination programs and career prospects with the faculty members.

DIPLOMA OF BUSINESS

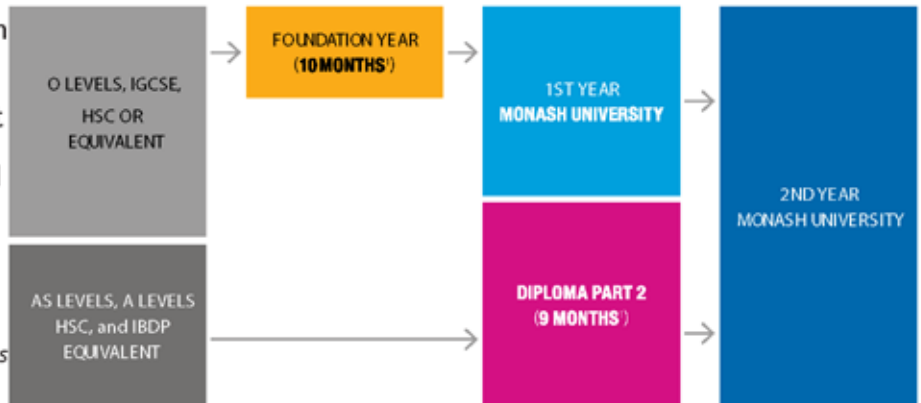

The world of business is challenging, fast-paced and constantly evolving. At Monash Business School, you won't just learn the latest theories and trends shaping business, you'll develop a new way of thinking - a mindset that will allow you to find more creative solutions, make better decisions and lead with confidence. With a huge range of course options, pathways and co-curricular opportunities.

DIPLOMA OF ENGINEERING

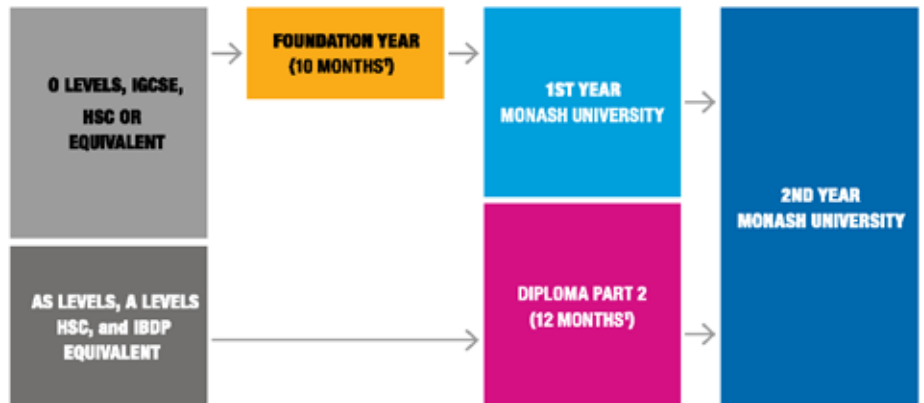

Great engineers are so much more than just their skills – they're planners, leaders, team players and communicators. At Monash, our engineering courses produce highly skilled engineers who are ready for life, work and the world. Engineers are key to the development of society and solving the challenges faced by the planet, such as climate change, natural resources depletion, food shortages and increased energy demands.

Diploma of Engineering (043634K)

HOW TO APPLY

ucbd.edu.bd/admission-form/

1

Choose your pathway
Choose your Monash University undergraduate degree and decide whether the Foundation Year or Monash College Diploma is best for your – we can give you advice.

2

Check Entry Requirements
Check if you meet the entry requirements. See page 19-20 for a list of entry requirements.

3

There are two ways to apply
Apply online
To apply online, visit: ucbd.edu.bd/admission/
You'll need to complete the admission form with all relevant information correctly.

OR
Apply through an academic counsellor.
To reach an academic counsellor visit: ucbd.edu.bd/contact/

4

Visit our campus
Visit our state-of-the-art campus in the heart of Gulshan with your relevant and supporting documents.
Universal College Bangladesh is located at Level- 03, SA Tower, 1 Gulshan Avenue Dhaka-1212

5

Receive your offer
After your academic records are reviewed, if you are eligible for your desired Monash pathway program you will receive an offer letter inviting you to enroll in the program.

If you have not received your final grades, we may give you provisional enrolment for the Foundation Year program. However, you must meet the entry requirements before you start classes.

If you meet the academic entry requirements for the Foundation Year program, but you do not meet the age or English language requirements, you may receive a conditional offer.

6

Accept your offer
When you accept your offer, you'll also need to pay your admission fee to confirm your seat and semester fees before starting the class in your enrolled program. One of our Enrolment team will guide you through the process.

7

Receive your Confirmation of Enrolment (CoE)
When you have completed the entry process you will receive a letter welcoming you to your Monash pathway program.

Congratulations, you are set to start your Monash Degree journey through Monash Pathways at UCBD.
